Subject: Health in All Policies Task Force

Reporting Period: October 2015-December 2015

Staff Lead: Julia Caplan (Public Health Institute, in partnership with the California Department of Public Health)

Recommended Action:

For information only – no action required.

Background:

The California Health in All Policies (HiAP) Task Force was created by Executive Order S-04-10 in 2010 to foster interagency collaboration to promote healthy, equitable, and environmentally sustainable communities. This work is based in the recognition that the health of Californians is impacted by the policies and practices of many sectors, and that environmental stewardship and health equity are closely intertwined. The HiAP Task Force is housed under the Strategic Growth Council (SGC), and brings together 22 state agencies, departments, and offices.

The HiAP Task Force is staffed by the California Department of Public Health (CDPH) in partnership with the Public Health Institute (PHI).
